

## PHYSICS MAJOR STUDY ABROAD COURSE PLANNING FORM

You are advised to plan your course schedule at least one year in advance of Study Abroad. For Study Abroad during the Junior year, it is recommended that students fill this form during the Spring of their Freshman year. This advance planning is necessary in order for your stay abroad to be productive, and more importantly, for you to be able to complete the Physics upper division core courses on schedule. Please note that most Physics core courses are generally offered only once per year, with a small number that are also offered during the summer. As you start to plan your visit, you may find that certain equivalent core courses are not offered during your planned semester abroad at your study abroad location. If these courses are pre-requisite for required courses you need to complete upon your return, this could delay your graduation. With advance planning you can avoid this situation and plan to take, either during your Sophomore year or during the summer before departure, one or more of the core courses you would need to take during the quarter/year you plan to study abroad. *(Please note that taking a course in Summer Sessions B before departure for study abroad in Fall may not be always possible as many universities begin their Fall semester in August, before Summer Sessions B ends.)*

FILL THIS FORM INCLUDING ANY GE's YOU PLAN TO TAKE –

FRESHMAN YEAR		
FALL 20 __	WINTER 20 __	SPRING 20 __

SOPHOMORE YEAR		
FALL 20 __	WINTER 20 __	SPRING 20 __

JUNIOR YEAR		
FALL 20 __	WINTER 20 __	SPRING 20 __

SENIOR YEAR		
FALL 20 __	WINTER 20 __	SPRING 20 __

### Example Physics and Math sequence

The following example schedule illustrates preparation for Study Abroad during the Fall quarter of Junior year for students in the B.S. Honors track (we take the example of Honors track as it has the most ambitious Physics course load during Junior/Senior years and therefore needs careful planning):

FRESHMAN YEAR		
FALL	WINTER	SPRING
PHYS 20	PHYS 21	PHYS 22
MATH 3A	MATH 3B	MATH 4A
CHEM 1A	CHEM 1B	

SOPHOMORE YEAR		
FALL	WINTER	SPRING
PHYS 23	PHYS 24	PHYS 25
PHYS 3L or PHYS 13AH	PHYS 4L or PHYS 13BH	PHYS 25L or PHYS 13CH
MATH 4B	MATH 6B	
MATH 6A		
PLAN TO TAKE PHYS 103 IN FALL OR DURING SUMMER BEFORE DEPARTURE		

JUNIOR YEAR		
FALL (STUDY ABROAD)	WINTER (RETURN TO UCSB)	SPRING
PHYS 115A EQUIVALENT	PHYS 115B	PHYS 115C
PHYS 119A EQUIVALENT	PHYS 119B	PHYS 127AL
PHYS 102 EQUIVALENT	PHYS 104	ELECTIVE
ELECTIVE EQUIVALENT	PHYS 101	ELECTIVE

SENIOR YEAR		
FALL	WINTER	SPRING
PHYS 110A	PHYS 110B	ELECTIVE
PHYS 128AL	LAB ELECTIVE	ELECTIVE
ELECTIVE/THESIS	ELECTIVE/THESIS	ELECTIVE/THESIS
